PRIVATE COMMENTS TO COURT REPORTERS

1 MR. CARR: Shawn Carr. S-H-A-W-N. C-A-R-R. 2 3 My concerns are, of course, water No pipeline is safe. 4 quality. 5 Other general concerns are with the line abandonment. Since there doesn't seem to be a 6 7 real plan to get rid of the pipes -- I know they 8 want to section them off, and that would be making 9 them individual containers. And I know when you abandon a gas tank, say, for a gas station that the 10 old tank has to come out before the new one goes in. 11 12 So that's a major environmental concern. 13 Another concern I have with large construction projects like this, the impact on sex 14 15 trafficking and the drug industry and the impact it 16 will have on local regions that they'll be located in and the stress it will put on law enforcement in 17 18 those areas. 19 Fred, F-R-E-D. MR. TANNER: Tanner, Address is 25543 County Road 10, 20 T-A-N-N-E-R. Bovey, B-O-V-E-Y, Minn. 55709. 21 22 I own property that Enbridge has gone 23 through with their pipeline, two separate 24 properties; and they've always been very good and 25 forthright in what they're going to do.

PRIVATE COMMENTS TO COURT REPORTERS

1	I also was on the Trout Lake Township				
2	Board for nine years, and we had their pipelines				
3	going through private property, and they worked very				
4	good with the township.				
5	Line 3, I believe, is a needed				
6	project. We need to replace the old pipeline, and I				
7	highly recommend that it goes forward.				
8	(End of private comments.)
