Line 3 has always been disruptive, ruined my grampa's land passed down to me. I'm against Replacement no matter the argument, my family's already been through it.

No pipelines! Go Solar!

Comment Form

Line 3 Project Draft EIS Public Meeting

Please provide your contact information. This information and your comments will be publicly available.

Name: _____

Street Address: _____

City: _____ State: _____ Zip Code: _____

Phone or Email: _____

Please share your comments on the Line 3 Project Draft EIS. What could be improved in the EIS? What is missing?

A person we know was at the Fond Du Lac Community College on Tue, Jan. 13, 2017. We listened to this person and they told of the discussion on Enbridge. Most of the people who spoke were against a new pipeline. The comments also were on renewable energy like solar power, wind power, and hydro power from water.

I guess many have various opinions. Why not put in a new, safe pipe line, that is small in diameter? Enbridge needs to clean up the messes they have made all over Minnesota. However as was stated by a young woman who said she reported a leak in a pipe because of oil leaks. She called Enbridge and told of this, but got no response or an answer at all from Enbridge, why?

Enbridge could then install a new, safe system; maybe not in Native American lands, and hire also all these pipe fitters and welders out of a job to restore the environment by planting trees, planting grasses, and garbage left behind also. This was along old pipeline this mess was done.

Let's all work then together and solve and find a compromise on this pipeline.

Also, you need more of these meetings all over Minnesota to get many comments on a pipeline.

The DEIS estimates the annual
 probability of a small spill from
 the proposed pipeline to occur
 about once every 11 months.
 14 pinhole leaks, 54 small spills, 4 medium,
 3 large, and 1 catastrophic spill
 is predicted in the next 50 years.
 Even one is too much.
 Stop this pipeline.

 85 7TH PLACE EAST, SUITE 280
 ST. PAUL, MN 55101-2198

DEAR DEPARTMENT OF COMMERCE, MINNEAPOLIS MN 553
 PLEASE INCLUDE THIS COMMENT ON THE DEIS FOR
 LINE 3 IN DOCKETS CN-14-916 AND PPL-15-137. JUL 2017 PM 5 L

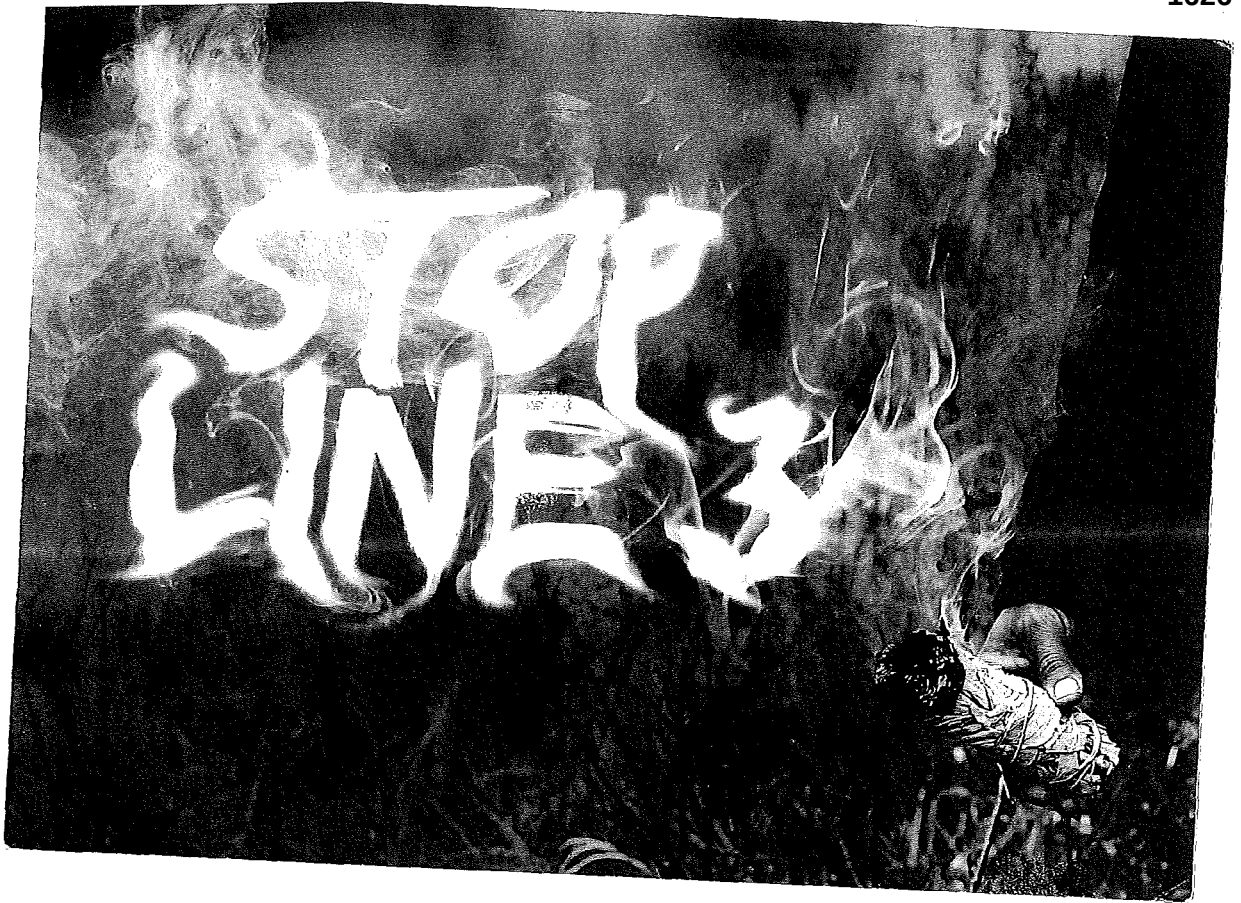

Line 3 will spill
 so in 50 years in the
 our children in 50 years,
 Expect 14 pirate leaks
 54 small spills
 4 medium spills
 3 large spills
 1 catastrophic spill

Now - What will your
 children say?

SINCERELY,

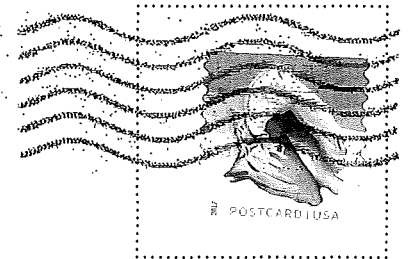

a teacher

DEAR DEPARTMENT OF COMMERCE,
 PLEASE INCLUDE THIS COMMENT ON THE DEIS FOR
 LINE 3 IN DOCKETS CN-14-916 AND PPL-15-137.

WINNEAPOLIS MN 553
 07 JUL 2017 PM 4.1

There is no plan to hold Enbridge
 accountable for their impacts on
 the environment from the pipeline.
 There is no plan for enforcing
 regulations for Line 3. History
 shows they continually violate
 permit conditions.
 No pipeline!
