Freeborn Wind will be delivering 16 hard copies of the Application, four for Commission Staff and 12 for the Minnesota Department of Commerce, Energy Environmental Review and Analysis Staff ("DOC-EERA"). Freeborn Wind is sending a check for the application fee under separate cover.

Freeborn Wind plans to submit a separate route permit application for an approximately 7-mile 161 kilovolt transmission line in July 2017. Due to the differences in application timing and applicable permitting processes, Freeborn Wind requests that these applications be processed separately.
