

APPENDIX A

SITE PERMIT APPLICATION COMPLETENESS CHECKLISTS

Appendix A
Site Permit Completeness Checklists

Site Permit Completeness Checklist Crane Battery Energy Storage System Project	
Project Permit Application Requirements (Minn. Rules 7850.1900, Subp. 1)	Application Section
A. a statement of proposed ownership of the facility as of the day of filing and after commercial operation;	1.1.1.1 and 1.1.1.2
B. the precise name of any person or organization to be initially named as permittee or permittees and the name of any other person to whom the permit may be transferred if transfer of the permit is contemplated;	1.1.1
C. at least two proposed sites for the proposed large electric power generating plant and identification of the applicant's preferred site and the reasons for preferring the site;	5.0
D. a description of the proposed large electric power generating plant and all associated facilities, including the size and type of the facility;	2.1
E. the environmental information required under subpart 3;	Refer to Environmental Information Requirements
F. the names of the owners of the property for each proposed site;	1.1.1.1
G. the engineering and operational design for the large electric power generating plant at each of the proposed sites;	3.0
H. a cost analysis of the large electric power generating plant at each proposed site, including the costs of constructing and operating the facility that are dependent on design and site;	2.1.3
I. an engineering analysis of each of the proposed sites, including how each site could accommodate expansion of generating capacity in the future;	2.1.4 and 3.0
J. identification of transportation, pipeline, and electrical transmission systems that will be required to construct, maintain, and operate the facility;	3.4 and 3.5
K. a listing and brief description of federal, state, and local permits that may be required for the project at each proposed site; and	1.4
L. a copy of the Certificate of Need for the project from the Public Utilities Commission or documentation that an application for a Certificate of Need has been submitted or is not required.	1.4.1
Environmental Information Requirements (Minn. Rules 7850.1900, Subp. 3)	
A. a description of the environmental setting for each site or route;	6.1
B. a description of the effects of construction and operation of the facility on human settlement, including, but not limited to, public health and safety, displacement, noise, aesthetics, socioeconomic impacts, cultural values, recreation, and public services;	6.2
C. a description of the effects of the facility on land-based economies, including, but not limited to, agriculture, forestry, tourism, and mining;	6.3
D. a description of the effects of the facility on archaeological and historic resources;	6.4
E. a description of the effects of the facility on the natural environment, including effects on air and water quality resources and flora and fauna;	6.5
F. a description of the effects of the facility on rare and unique natural resources;	6.5.8

Appendix A
Site Permit Completeness Checklists

Site Permit Completeness Checklist Crane Battery Energy Storage System Project	
G. identification of human and natural environmental effects that cannot be avoided if the facility is approved at a specific site or route; and	6.6
H. a description of measures that might be implemented to mitigate the potential human and environmental impacts identified in items A to G and the estimated costs of such mitigative measures.	6.2-6.5

Site Permit Completeness Checklist Sandhill Battery Energy Storage System Project	
Project Permit Application Requirements (Minn. Rules 7850.1900, Subp. 1)	Application Section
A. a statement of proposed ownership of the facility as of the day of filing and after commercial operation;	1.1.2.1 and 1.1.2.2
B. the precise name of any person or organization to be initially named as permittee or permittees and the name of any other person to whom the permit may be transferred if transfer of the permit is contemplated;	1.1.2
C. at least two proposed sites for the proposed large electric power generating plant and identification of the applicant's preferred site and the reasons for preferring the site;	5.0
D. a description of the proposed large electric power generating plant and all associated facilities, including the size and type of the facility;	2.2
E. the environmental information required under subpart 3;	Refer to Environmental Information Requirements
F. the names of the owners of the property for each proposed site;	1.1.2.1
G. the engineering and operational design for the large electric power generating plant at each of the proposed sites;	3.0
H. a cost analysis of the large electric power generating plant at each proposed site, including the costs of constructing and operating the facility that are dependent on design and site;	2.2.3
I. an engineering analysis of each of the proposed sites, including how each site could accommodate expansion of generating capacity in the future;	2.2.4 and 3.0
J. identification of transportation, pipeline, and electrical transmission systems that will be required to construct, maintain, and operate the facility;	3.4 and 3.5
K. a listing and brief description of federal, state, and local permits that may be required for the project at each proposed site; and	1.4
L. a copy of the Certificate of Need for the project from the Public Utilities Commission or documentation that an application for a Certificate of Need has been submitted or is not required.	1.4.1
Environmental Information Requirements (Minn. Rules 7850.1900, Subp. 3)	
A. a description of the environmental setting for each site or route;	6.1
B. a description of the effects of construction and operation of the facility on human settlement, including, but not limited to, public health and safety, displacement, noise, aesthetics, socioeconomic impacts, cultural values, recreation, and public services;	6.2
